

# It's time to invest in the Strum Public Library

## The new library is now open in Strum!

Private-sector fundraising activities are underway. It will be necessary to raise the entire amount of funds needed from private donors. The Friends of the Strum Public Library, a 501 (c) 3 non-profit corporation is leading the fundraising efforts. Contributions to this project can be tax deductible.

**Remaining Funds Needed:     \$250,000.00**

Donations of more than \$100 dollars will be recognized in the new library on donor plaques and the plaques will be updated as an individual's or couple's contribution amounts increase.

Various recognition levels have been designated by the Library Board of Trustees and the Friends of the Strum Public Library:

If a donor wishes to have the facility or part of the facility named in a person's honor or memory or for a corporate or business sponsor they may do so by choosing to sponsor the project at any of the following levels:

### **Naming Rights:**

Entire facility	\$250,000.00
Archives	\$50,000.00
Children's Area	\$30,000.00
Young Adult Area	\$30,000.00
Adult Area	<del>\$30,000.00</del> <b>SOLD</b>
Computers & Technology	\$15,000.00
Program Area	\$15,000.00

*\*Actual names of rooms/areas/facilities are subject to approval by the Strum Public Library Board of Trustees.*

If an individual or a business entity would like to sponsor the project at the naming rights level through annual installments a specific commitment will need to be agreed upon prior to when the initial contribution is made and approved by the Library Board of Trustees.

In order to recognize the generosity of individual donors the following donor recognition levels have been identified:

### **Donor Recognition Levels**

Founder	\$5,000 to \$14,999
Benefactor	\$2,500 to \$4,999
Investor	\$1,000 to \$2,499
Supporter	\$500 to \$999
Contributor	\$100 to \$499

Donations will be recorded and individuals or corporations will be recognized when they hit milestones. For example if an individual or business contributes \$1000 per year for five years they will be recognized as a Founder level contributor after receipt of the minimum investment for that level.
